

# Quiz Bank

## What is a Quiz Bank?

This feature allows a teacher to create, preview, and edit questions in a database of question categories. The categories can be limited to being used on the site, course or quiz level. The questions in a category can be added to a [Quiz](#) or to a [lesson activity](#) via an export process.

**Moodle 2.x:** The teacher enters the question bank by creating or editing a quiz activity or via Settings > Course administration > Question bank.

**Moodle 1.9:** The teacher enters the question bank by creating or editing a quiz activity or through the Administration block  [Questions](#)

The initial Question Bank page has tabs that allow you (as teacher) to edit questions, [categories](#), [import questions](#) and [export questions](#).
